

Quality Policy

The whole staff, carrying out their own activities, always considers the Customer satisfaction as well as the efficiency and effectiveness of the jobs as essential factors for the competitiveness and the success of Trafomec Europe.

The management within the Quality Management System declares that will:

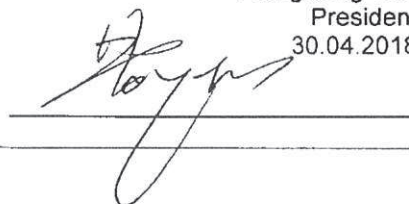

- Systematically control the Quality Management System in accordance with the ISO 9001:2015 standard as a tool to continuous optimization and improvement.
- Constantly monitor the undertaken actions and reached results in order to determine their effectiveness and shortages.
- launch and promote quality improvement programs with defined aims to be achieved on the operation level

The Management, assuming the leadership, is responsible for assuring and sustaining all necessary support during the policy implementation.

The whole staff being fully aware of the importance of the policy for the company gives its contribution to the policy implementation.

The Management will systematically verify the policy implementation and achieving set objectives.

Xiangxiong Cao
President
30.04.2018

Strategic objectives:

- Increasing the level of customer satisfaction
- Continuous adjustment of the company's ability to market requirements
- Adequacy of human resources to the requirements
- Reducing the number of errors, shortages and other undesirable factors
- Improving the production process
